Bath

Inspiring, stunningly beautiful and safe - you could not pick a better place to study English than Bath.

It is known for its honey-coloured Georgian crescents, cobbled streets, outdoor cafés and bustling bars and is seen by many as the most beautiful, vibrant city in England. It is a wonderful place to experience British culture outside of London and the larger cities.

It's the perfect place to learn and be inspired: the city has a large international student population, with two universities, and there's always something happening for young people.

UNESCO has designated Bath as a World Heritage Site, it is home to the only hot thermal springs in England and you can still visit the Roman Baths and even try the waters yourself at the Thermae Bath Spa. Nearby you'll find Stonehenge, Glastonbury and Bristol, and London is just 90 minutes away by train.

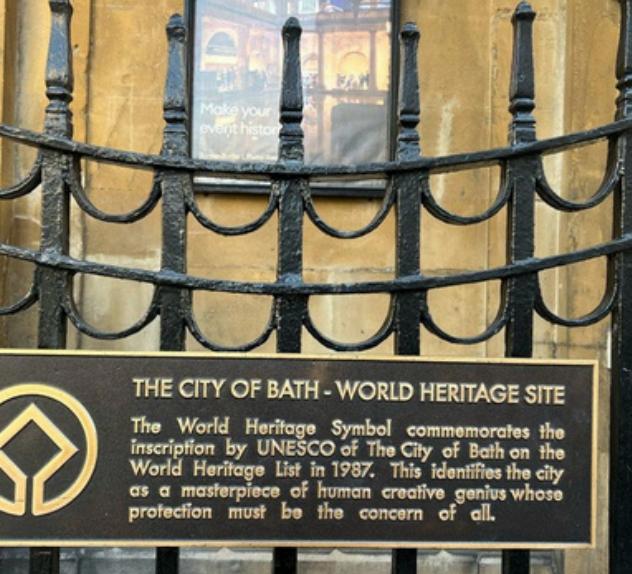

Stay safe - Bath is a small, safe city and getting to the school is an easy journey from our accommodation.

"I had a great time here in Bath, it is a beautiful city and I will miss everyone at Languages United! Thank you for a great experience!"

Arrivals, First Day & Departure

- Homestays will collect students on arrival (unless student is going directly to their homestay via taxi)
- They will bring students to school on their first day and show them how to get to school
- They will collect them on their first day so students know how to get back home.
- They will collect them after School Disco on Fridays at 10pm
- They will drop off students on departure with their luggage and a packed lunch

All our homestay accommodation is organised by our own Accommodation Team. Homestays are regularly inspected by our team and have specific British Council criteria that they must satisfy.
